OUR TEAM CULTURE

QUALITY

We do the job right the first time. Since 1933 our goal consistently has been to exceed our customer's expectations.

SAFETY

We are committed to ensure that every project, and every person involved in that project, is provided a safe environment to accomplish our mission. We will do this by providing the proper equipment and the training on how to use that equipment.

FAMILY ATMOSPHERE

We treat fellow team members as we would want to be treated. We believe each employee needs and wants to have their family a priority in their life. An atmosphere in which we care about each other lends itself to the bonding of team members which embraces their work time together. We have always made it a priority to take care of one another.

INTEGRITY

For over 75 years, our customers have come to know that our word is our bond. Issues and challenges are met with honesty, forthrightness and truthfulness 100% of the time.

CONTINUOUS IMPROVEMENT

We are constantly looking for improvements to better serve our customers. In addition, we identify better ways to improve the skills and talents of our field and office team members. We sponsor and support the merit shop philosophy while working with Associated Builders and Contractors of Wisconsin. Each year we help our apprentice team members work toward their personal goal of becoming an Electrical Journeyman, while other team members enhance their careers. All benefit from a solid, sustaining lifetime career.

COMMUNICATION AND TEAM BUILDING

We continually strive for transparent communication. We communicate issues and concerns in a timely fashion. We listen. We respond. All team members are empowered to contribute to the continuous improvement of the team.

ABUNDANCE

All team members are compensated fairly with wages, benefits and opportunities for growth. We believe that abundance exists for all involved in what we do—our customer deserves a first class project; our suppliers need to be treated fairly; the company needs to show a profit.

TOP 10 REASONS TO USE STEINER ELECTRIC

1. The project will be done correctly, or we will fix it—**guaranteed**.
2. Steiner Electric, Inc. can help you go **GREEN** with Energy Management. Our skilled staff of Designers and Estimators have extensive experience helping Companies cut energy costs and improve their bottom line.
3. Steiner Electric, Inc. has been servicing thousands of customers throughout Southeastern Wisconsin for over 75 years.
4. Our New Construction experience ranges from small projects to total installations into the millions of dollars.
5. We provide our Customers and General Contractors with designs and value engineering that allows the end user the best value for their dollar.
6. All of our foremen are state certified card carrying Journeyman or Master Electricians. At times apprentices will be on site to assist.
7. We have decades of experience in identifying different wiring systems and their distribution. Steiner Electric, Inc. installs and maintains complex industrial power distribution and emergency systems for all of our customers.
8. We specialize in Industrial and Commercial electrical contracting. No facility is too large or too small.
9. We are NFPA 70E trained and equipped with the proper Personal Protective Equipment to comply with all OSHA and NFPA standards.
10. Our well stocked shop and 24 hour emergency service vans carry many parts local supply houses may not have on hand.

TESTIMONIALS

QUALITY WORK + SUCCESSFUL PROJECT TIMELINE MAKES THE DIFFERENCE

"We appreciate that Steiner is always thorough with inspection of the site ahead of time and is aware of the safety standards involve with installation in an industrial setting. Doing quality work and keeping the project on time is imperative when working in a manufacturing environment—which is why we use Steiner Electric."

James Bostrom
Manufacturing Engineer
Ataco Steel Products Corp.

DECADES LONG RELATIONSHIP CONTINUES

"For decades West Bend Mutual Insurance has enjoyed a solid partnership with Steiner Electric. During this time we have found their organization to be professional and reliable. Their field electricians have built strong individual working relationships with our facilities management group."

Randy Stark
Director of Facilities
West Bend Mutual Insurance Company

STEINER – TOP NOTCH

"Over the years we have had the pleasure of working together with your firm on numerous projects. We have found your operation to be top notch. Competitive, responsive and quality focused; all valuable qualities your firm brings to a project."

Monique Charlier
President
The Jansen Group, Inc.

GREEN IDEAS AND MUCH MORE

"...projects they have done range from new installation of distribution panels after hours to assisting us when we were looking to be "Greener"I will continue using Steiner Electric in the future because they are dependable and knowledgeable. I would recommend Steiner to anyone looking to do some electrical work."

Ken Leu
Maintenance Manager
Quincy Resource Group

KNOWLEDGE AND HONESTY STRETCHES SCHOOL DOLLARS

"Working with Steiner is easy because they use their knowledge, professionalism and work ethic to make sure that you as the customer have your project completed to your satisfaction.... In school districts where every dollar has to be maximized working with Steiner helps us to make sure that we can serve our district while getting the professional work necessary to make an environment that helps children learn."

Robert Ellis
Director of Buildings and Grounds

MURPHY'S LAW – NOT A PROBLEM

"...when we have an electrical issue it never happens at a convenient time. I appreciate the fact that no matter when I have called, Steiner Electric has managed to respond immediately to get us back up and running"

Roy DeSimone
Operations Manager
Heartland Woodcraft

INTEGRITY EARNS RECOGNITION

"I wanted to let you know how pleased I've been with the quality of service your company provides. In particular I appreciate your honesty and responsiveness in the way you conduct business. I have recommended your company to others because of my satisfaction with your service."

Don Harder
Vice President
Preconstruction, Beyer Construction

NO PRICING SURPRISES GETS RESPECT

"Your staff's professional manner, knowledge, and experience have gained them the respect of associates at all levels within our organization. Steiner works well with our staff at Wagner to ensure that our needs are met. Your project work has always met the deadlines and the pricing that was expected."

Michael Skelton
Manager of Manufacturing Services
R&B Wagner Inc.
